MEET THE SPEAKERS

Dr. Raymond Cloyd is a Professor and Extension Specialist in Ornamental Horticulture, Entomology/Integrated Pest Management in the Department of Entomology at Kansas State University. Dr. Cloyd's work involves pest management in greenhouses, nurseries, landscapes, turfgrass, conservatories, and interiorscapes.

Emmett Muennink holds a B.S. in Agronomy and a M.S. in Crop Science. He has performed nearly every job in the tree industry from groundwork to PHC treatments and sales. He has an excellent understanding of plant and soil science, as well as practical knowledge of PHC and the tree industry.

Ryan Rastok has an M.S. in forest entomology and is a Forest Entomologist for the KFS. He is the owner and BCMA of Lawrence Arborists and has 15+ years of climbing experience including competitions.

Levi Parkin has a B.S. in Ornamental Horticulture and is an ISA BCMA. He worked in residential tree care for 12 years before becoming Forestry Supervisor for the City of Lawrence. He has competed in climbing competitions and has been a judge.

Blake Thilmony is the R&D Project Manager for Rainbow Treecare Scientific Advancements. Prior to her role in R&D, she was an emerald ash borer technician, PCH crew member, and a vegetation management technician. She has M.S. in Plant Science

ISA and KDA Pesticide CEU'S Pending
